

metroSTOR RC-Series On-Street Trash & Recycling Enclosures (Top Load)

Designed to enclose standard carts, metroSTOR RC is the modular solution for co-located trash and recycling. Ideal for lower volume (or higher collection frequency) containerized garbage and recycling storage between collections.

The top-loading aperture format is ideal for high traffic areas and can be specified with apertures to restrict waste items being placed in the bin. The hinged lid version is a useful specification for use when organics or compost streams are co-located with other recycling streams and trash.

With the same clean space design theme and visual messaging opportunities as the larger B-Series and G-Series, metroSTOR RC-Series units provide vital recycling infrastructure that is instantly recognizable and consistent with local or regional streams, reinforcing the waste diversion message at each point of generation.

Manufactured in 8 model sizes, metroSTOR RC-Series can accommodate up to 3no. 95 gal. carts in a single unit, with all solid waste deposits directly into an open cart through the loading aperture on top of the unit. Internal deflector plates ensure that waste streams are loaded directly into the open container and no waste is left around the bins on the floor for rodents or for scavenging birds.

metroSTOR RC35, RC35L, RC70, RC70L, RC105 and RC105L models are all ADA compliant and are fitted with either 32-35 gal carts or 28-32 gal pull-out containers.

Clean space design enables color-coded panels, clear graphics and recycling stream symbols to extend to all elevations including the top loading section to maximize waste diversion visibility.

Product Capacity & Dimensions

Model	Capacity	Container Load Type (Inches, WxH)	ADA Compliance	Depth (Inches)	Width (Inches)	Height (Inches)	Door Opening Width (Inches)	Door Opening Height (Inches)	Access
RC35	1x 32-35 gal. Cart	14x14 Top Load Aperture	✓	30.6	28	44.5	23	40.7	1 Door
RC35L	1x 28-32 gal. Pull-out Container	14x14 Top Load Aperture	✓	30.6	28	32.1	23	28.4	1 Door
RC70	2x 32-35 gal. Carts	14x14 Dual Top Load Aperture	✓	30.6	52.6	44.5	23	40.7	2 Doors
RC70L	2x 28-32 gal. Pull-out Containers	14x14 Dual Top Load Aperture	✓	30.6	52.6	32.1	23	28.4	2 Doors
RC105	3x 32-35 gal. Carts	14x14 Triple Top Load Apertures	✓	30.6	77.2	44.5	23	40.7	3 Doors
RC105L	3x 28-32 gal. Pull-out Containers	14x14 Triple Top Load Apertures	✓	30.6	77.2	32.1	23	28.4	3 Doors
RC130	2x 65 gal. Carts	14x14 Dual Top Load Apertures		37.6	61.1	49.4	27.6	45.6	2 Doors
RC190	2x 95 gal. Carts	14x14 Dual Top Load Apertures		41.3	66.6	51.9	30.4	48.1	2 Doors
RC195	3x 65 gal. Carts	14x14 Triple Top Load Aperture		37.6	90.3	49.4	27.6	45.6	3 Doors
RC285	3x 95 gal. Carts	14x14 Triple Top Load Aperture		41.3	98.5	51.9	30.4	48.1	3 Doors

Cleaner Recycling
Add waste stream apertures to help separate recycling at-source

On-The-Go Recycling
Clear space for recycling graphics with easy to use bin access

Modular Formats
Manufactured in 7 models for 1,2 and 3 units for 28, 35, 65 and 95 gallon carts

Easier for Bin Crews
Cart or pull-out container models all use wide front access doors

Product Specification & Options

Build Components	Build Specification	Standard Specification	Options
A) Unit Frames	Mild Steel Welded Assemblies	HD Galvanized	A1) Anthracite Grey PPC Finish A2) Unit Floor / Frame Panel Option
B) Unit Shell Panels	Mild Steel Assembly	Zinc Coat / Anthracite Grey Painted Finish	B1) Color PPC Finish Options
C) Unit Cover	Mild Steel Welded Assembly	Zinc Coat / Anthracite Grey Painted Finish	C1) Color PPC Finish Options C2) All Panels Graphic Wrap Option
D) Container Access	Mild Steel Assembly / Zinc Coated Mild Steel Bezel	Zinc Coated / Anthracite Grey Painted Finish Rectangular Front Aperture / No Insert	D1) Mixed Recycling Aperture Insert Option D2) Bottles & Cans Recycling Aperture Insert Option D3) Hinged Lid Option
E) Service Doors	Mild Steel Welded Assembly / Stainless Steel Hinges	Zinc Coat / Anthracite Grey Painted Finish	E1) Color PPC Finish Options E2) Recycle Stream Graphics Option
F) Service Door Access	Inset Self-Latching Bolt / Key Operated Hook Deadlock	Stainless Steel / Aluminum Self Latching Bolt / Key Operated Deadlock	F1) Mechanical Keypad Latch / Lock
G) Bin Container			G1) Galvanized Steel Lift Out Bin Container Option

Waste Stream Graphics

metroSTOR door systems with color-coding, graphics, symbols and stream specific aperture restrictors enable organizations to customize to their specific waste diversion process. This modular system that can be retrofitted or changed up as initiatives develop and new legislation is introduced.
